PREVENTION AND QUALIFICATION

INSPECTION WITH SYSTEM

Trained specialists inspect your machine on the basis of a checklist defined by the manufacturer in order to detect defects at an early stage and prevent associated downtimes.

- Inspection of your machine according to precisely defined specifications
- Precisely coordinated consultation and planning ensure the shortest possible machine downtime during the inspection
- 10% discount on the offer of spare parts resulting from the inspection¹

from EUR 400

MAINTENANCE WITH SYSTEM

Benefit from our years of experience in maintenance and service for BLOHM JUNG machines. With maintenance with a system, we follow a maintenance plan drawn up on the basis of the utilization and requirements of your machine and check critical components over a period of three years. We replace predefined wear parts directly.

- clearly defined wear parts for maintaining your productivity as a preventive measure
- the reliability of your machine is ensured
- 10% discount on spare parts defined and exchanged for maintenance¹
- 10% discount on the offer of additional spare parts resulting from the maintenance¹

from EUR 2.500

MAINTENANCE TRAINING WITH SYSTEM

«With the right training, your employees will be well equipped to perform important maintenance themselves in the future.»

PHILIPP WAPPLER, HEAD OF CUSTOMER CARE

- All services of maintenance with system with additional training so that your maintenance staff can carry out future maintenance and replacement of wear parts themselves.

from EUR 3.900
